

## **KRAFT TOOL CO.<sup>®</sup>**

### **4' Caulk Gun (GG276)**

**Gun includes all accessories to be used with 10 oz. cartridges or sausage applications.**

- To use cartridges, remove both threaded end caps and pull plunger rod from gun.
- Remove the end hex nut, plastic plunger and metal plunger from plunger rod. Adjust the remaining hex nut up 1/2". Reinstall the metal plunger and replace end hex nut and tighten.
- Reinsert plunger rod and install end caps.
- The plastic and metal plungers are needed to dispense sausage style products. Cut tips to desired diameter.
